

*Steven Dick*

Steven J. Dick was the 2014 Baruch S. Blumberg NASA/Library of Congress Chair in Astrobiology at the Library of Congress's John W. Kluge Center. In 2013 he testified before the United States Congress on the subject of astrobiology. He served as the NASA Chief Historian and Director of the NASA History Office from 2003 to 2009. He is the author or editor of 21 books, including most recently *The Impact of Discovering Life Beyond Earth* (Cambridge, 2015), and *Astrobiology, Discovery, and Societal Impact* (forthcoming from Cambridge in March, 2018). In 2009, minor planet 6544 Stevendick was named in his honor.
